

Mineo

The Automated Roleplay Generation Engine

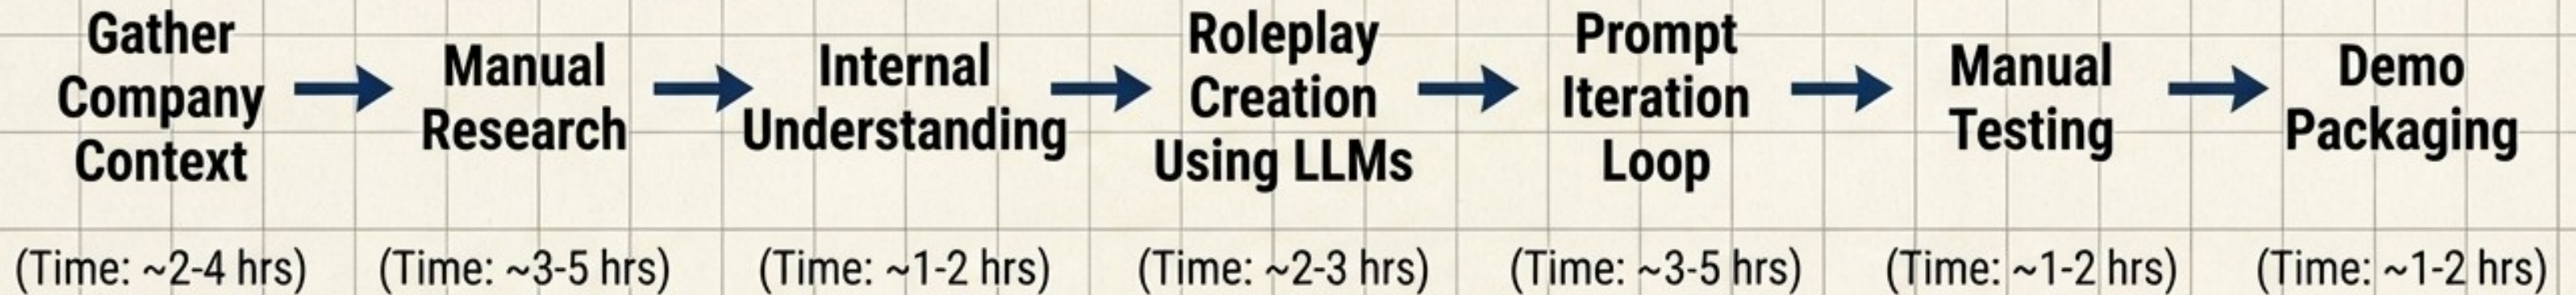

End-to-End
Automation

Hyper-Personalized
Generation

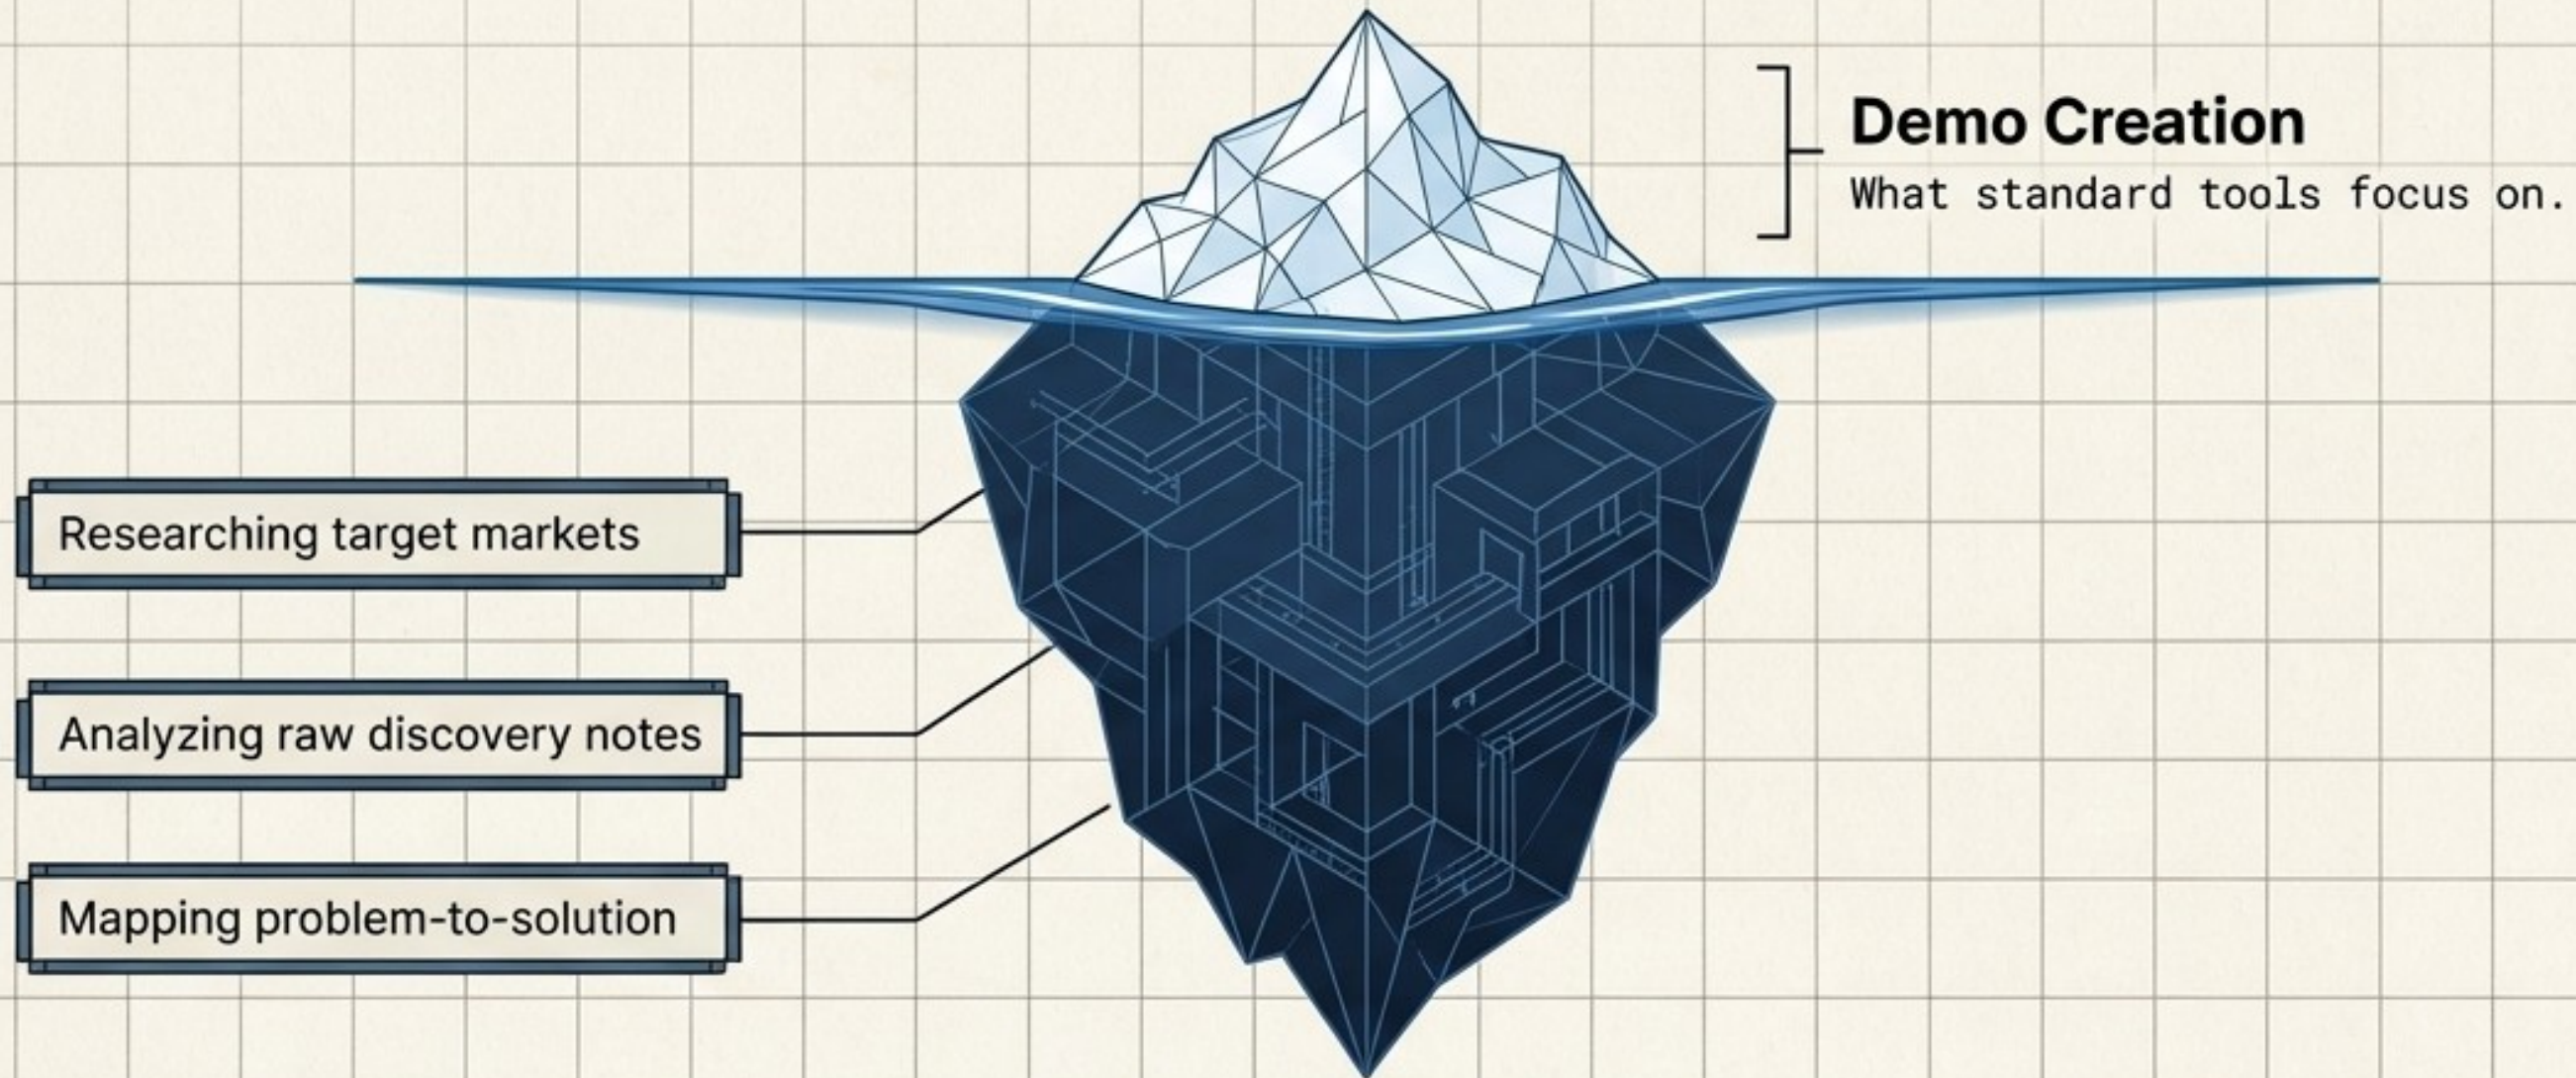

Native Mindtickle
Delivery

Actual Sales / Solutions Workflow (Raw Reality)

Total Estimated Time: ~13-23 Hours
(Manual Effort, Highly Variable)

The Core Insight: Creation is Just the Surface

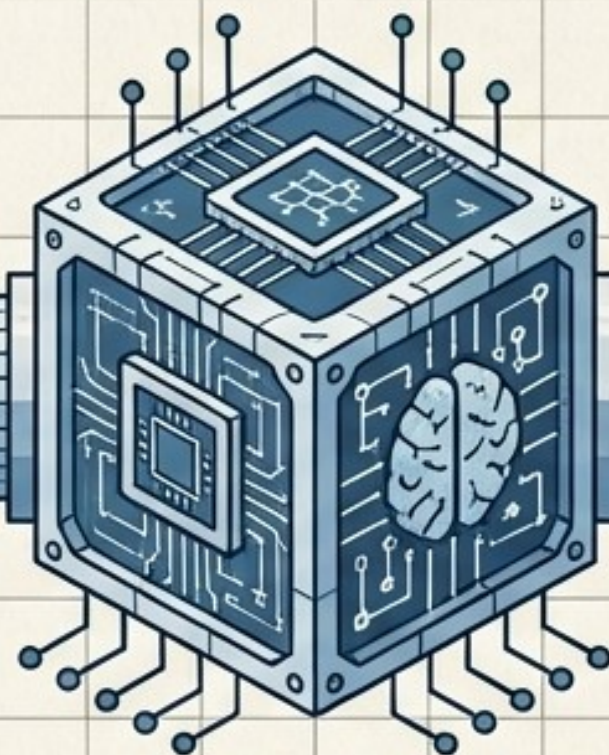

Sales reps don't just create demos. They first have to understand the business deeply. **Mineo automates the entire iceberg.**

The Mineo Engine Architecture

Seamless Inputs

Zero manual formatting

The AI Brain

Autonomous synthesis
& extraction

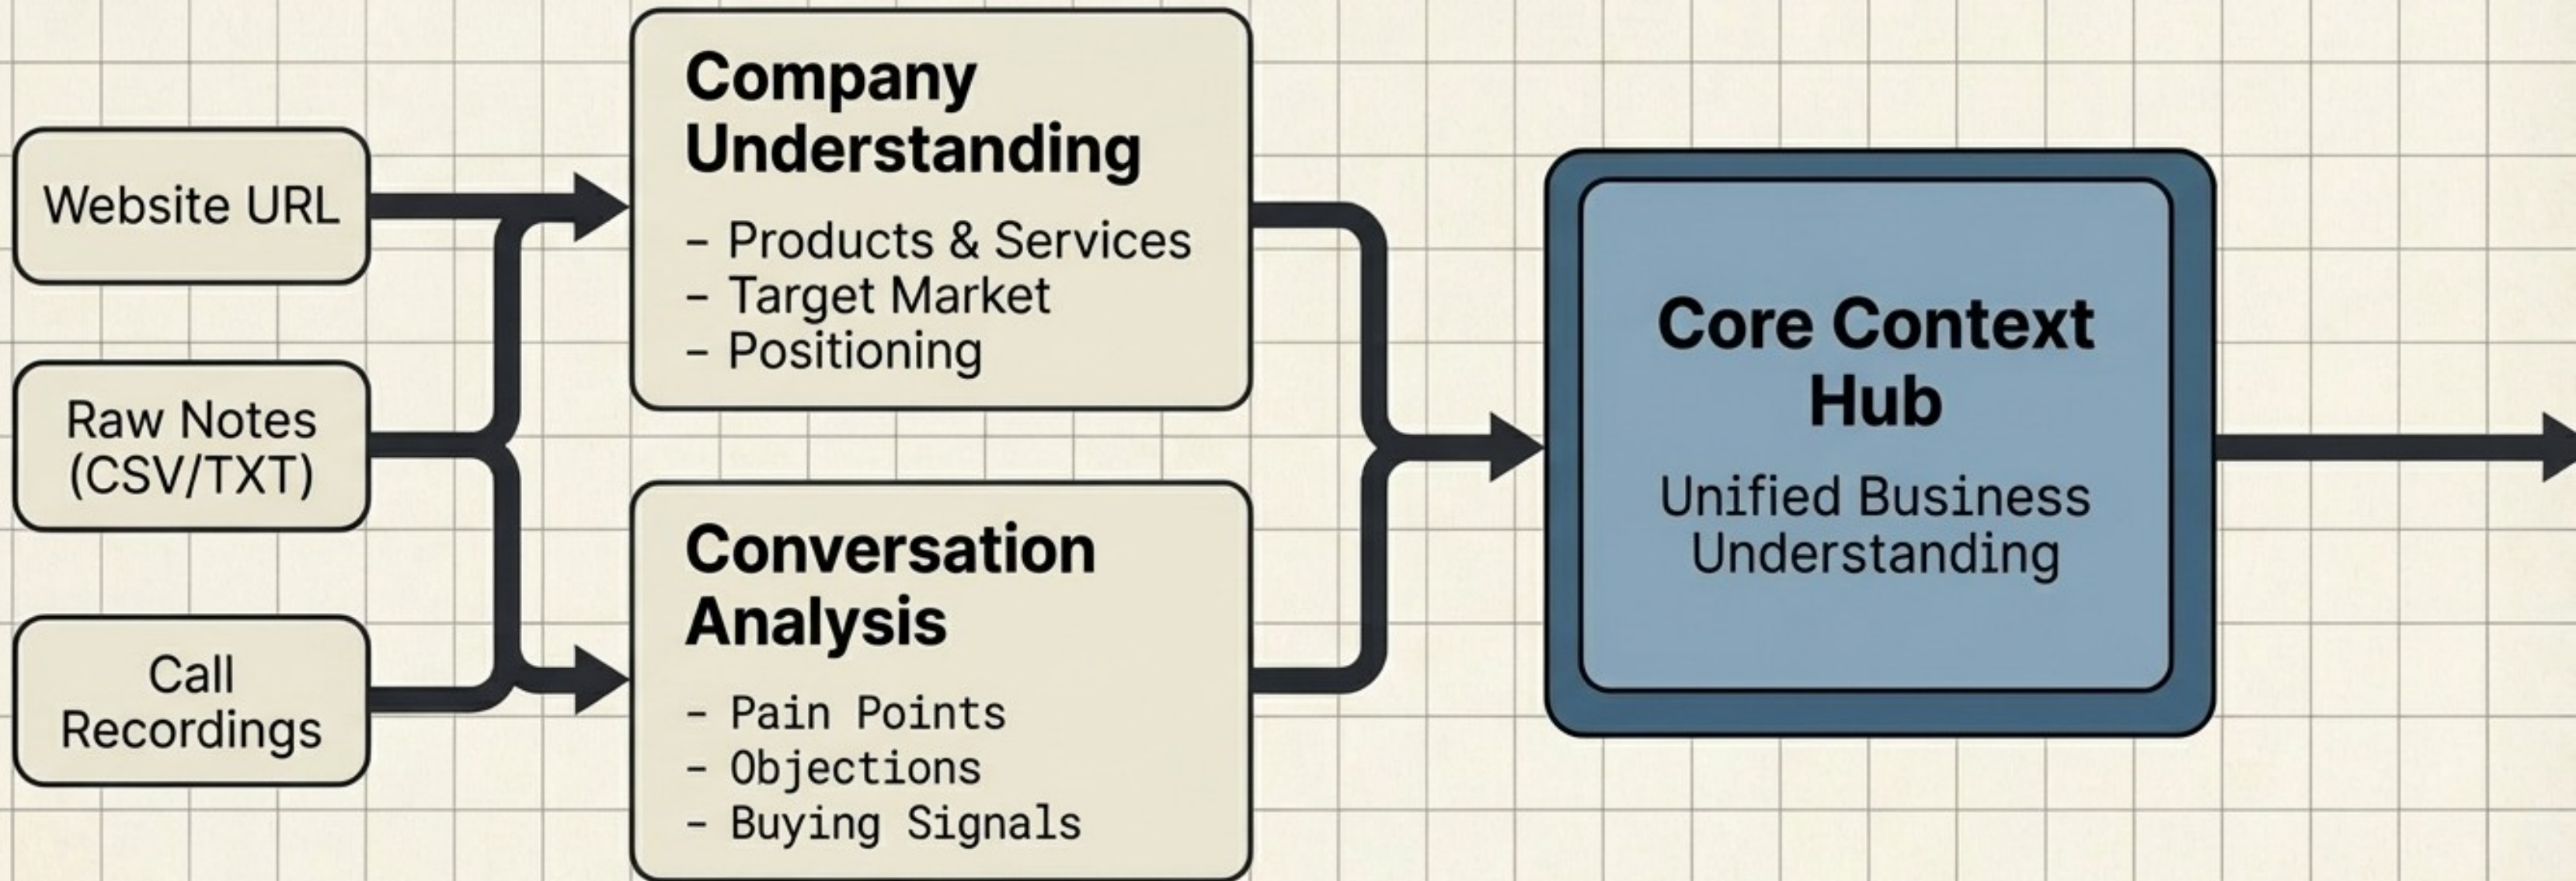

The Orchestrator

100% automated workflow.
Zero manual clicks.

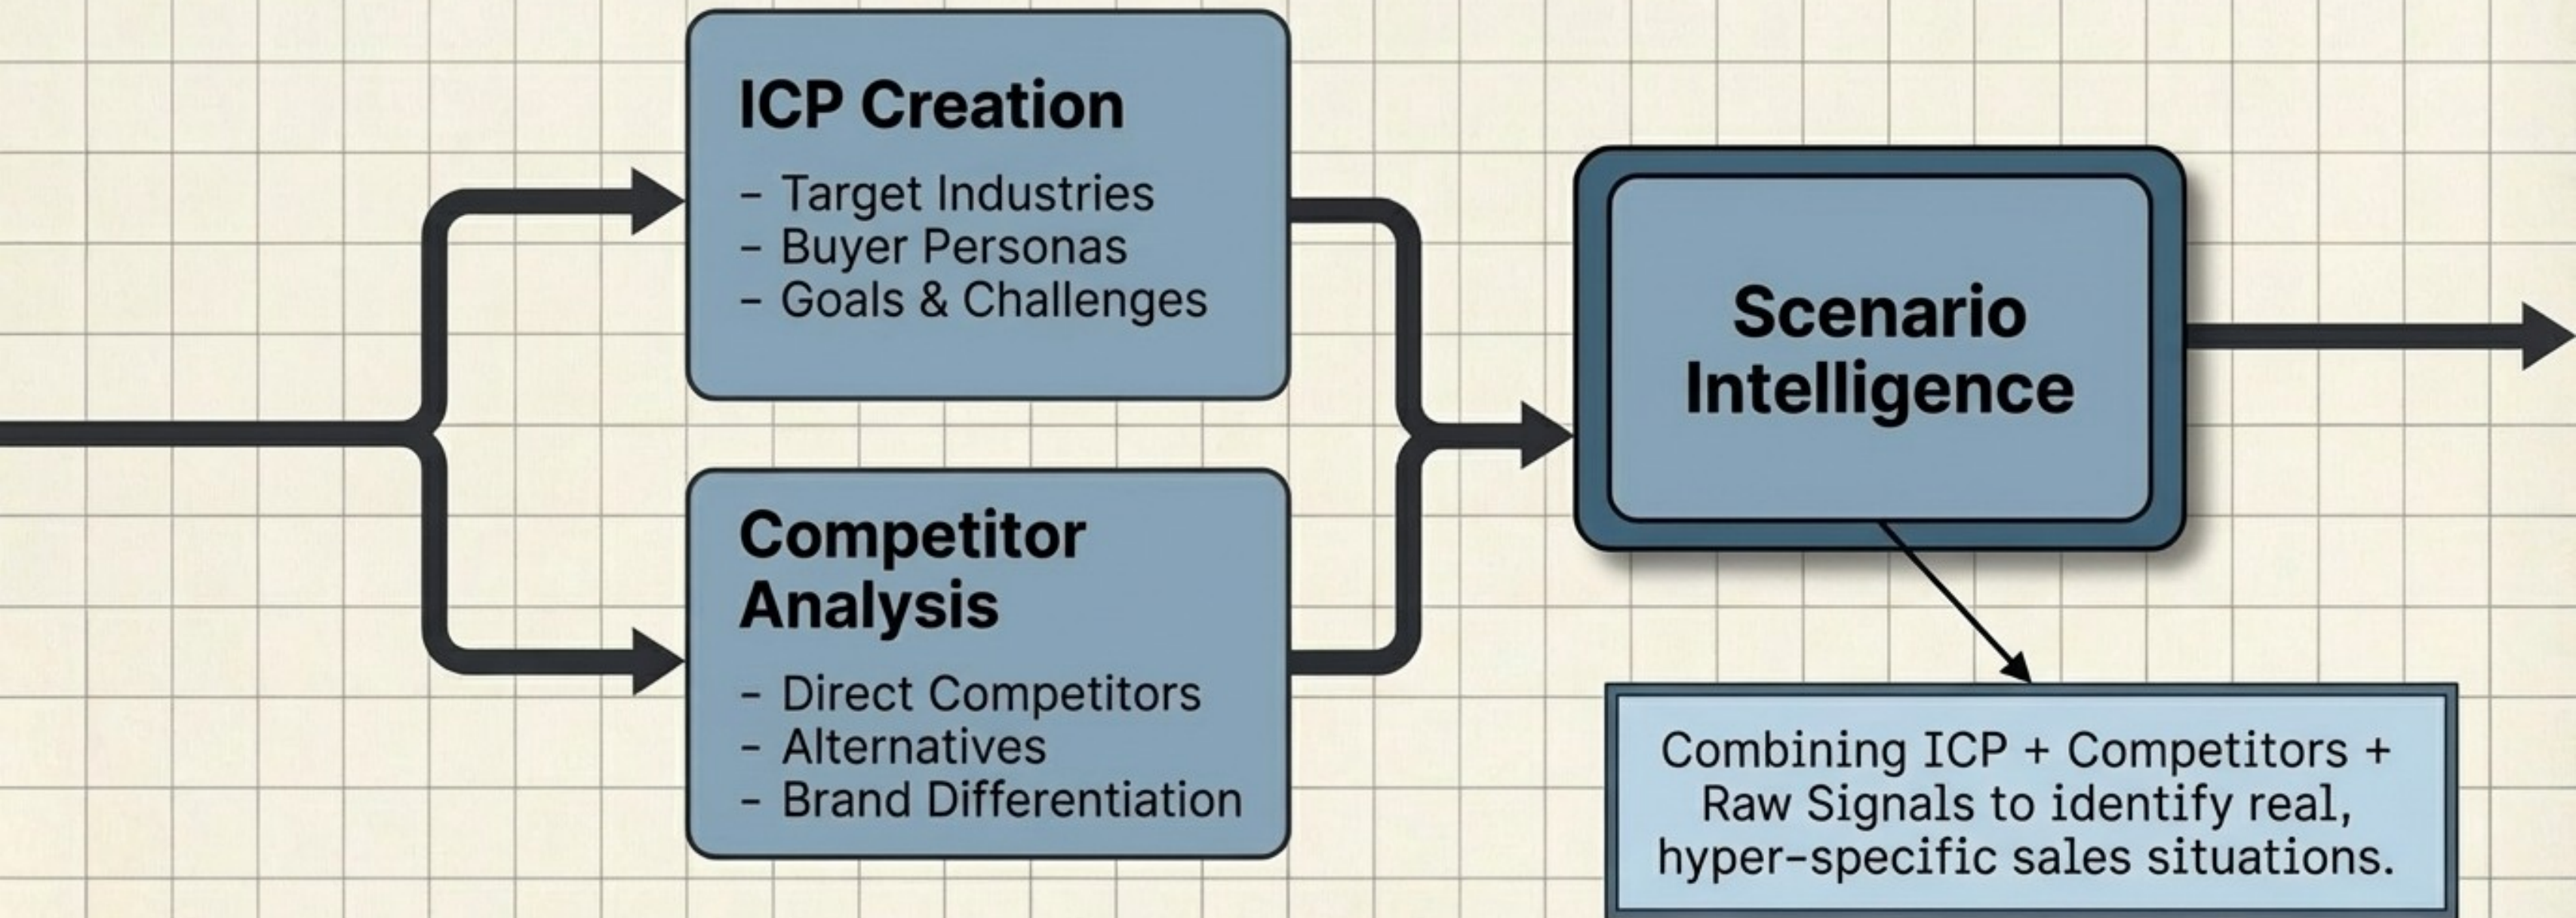

From hours of manual effort to instant personalized roleplays for every client.

Pipeline Stage I: Ingestion & Understanding

System Status:
Analyzing Messy Data...

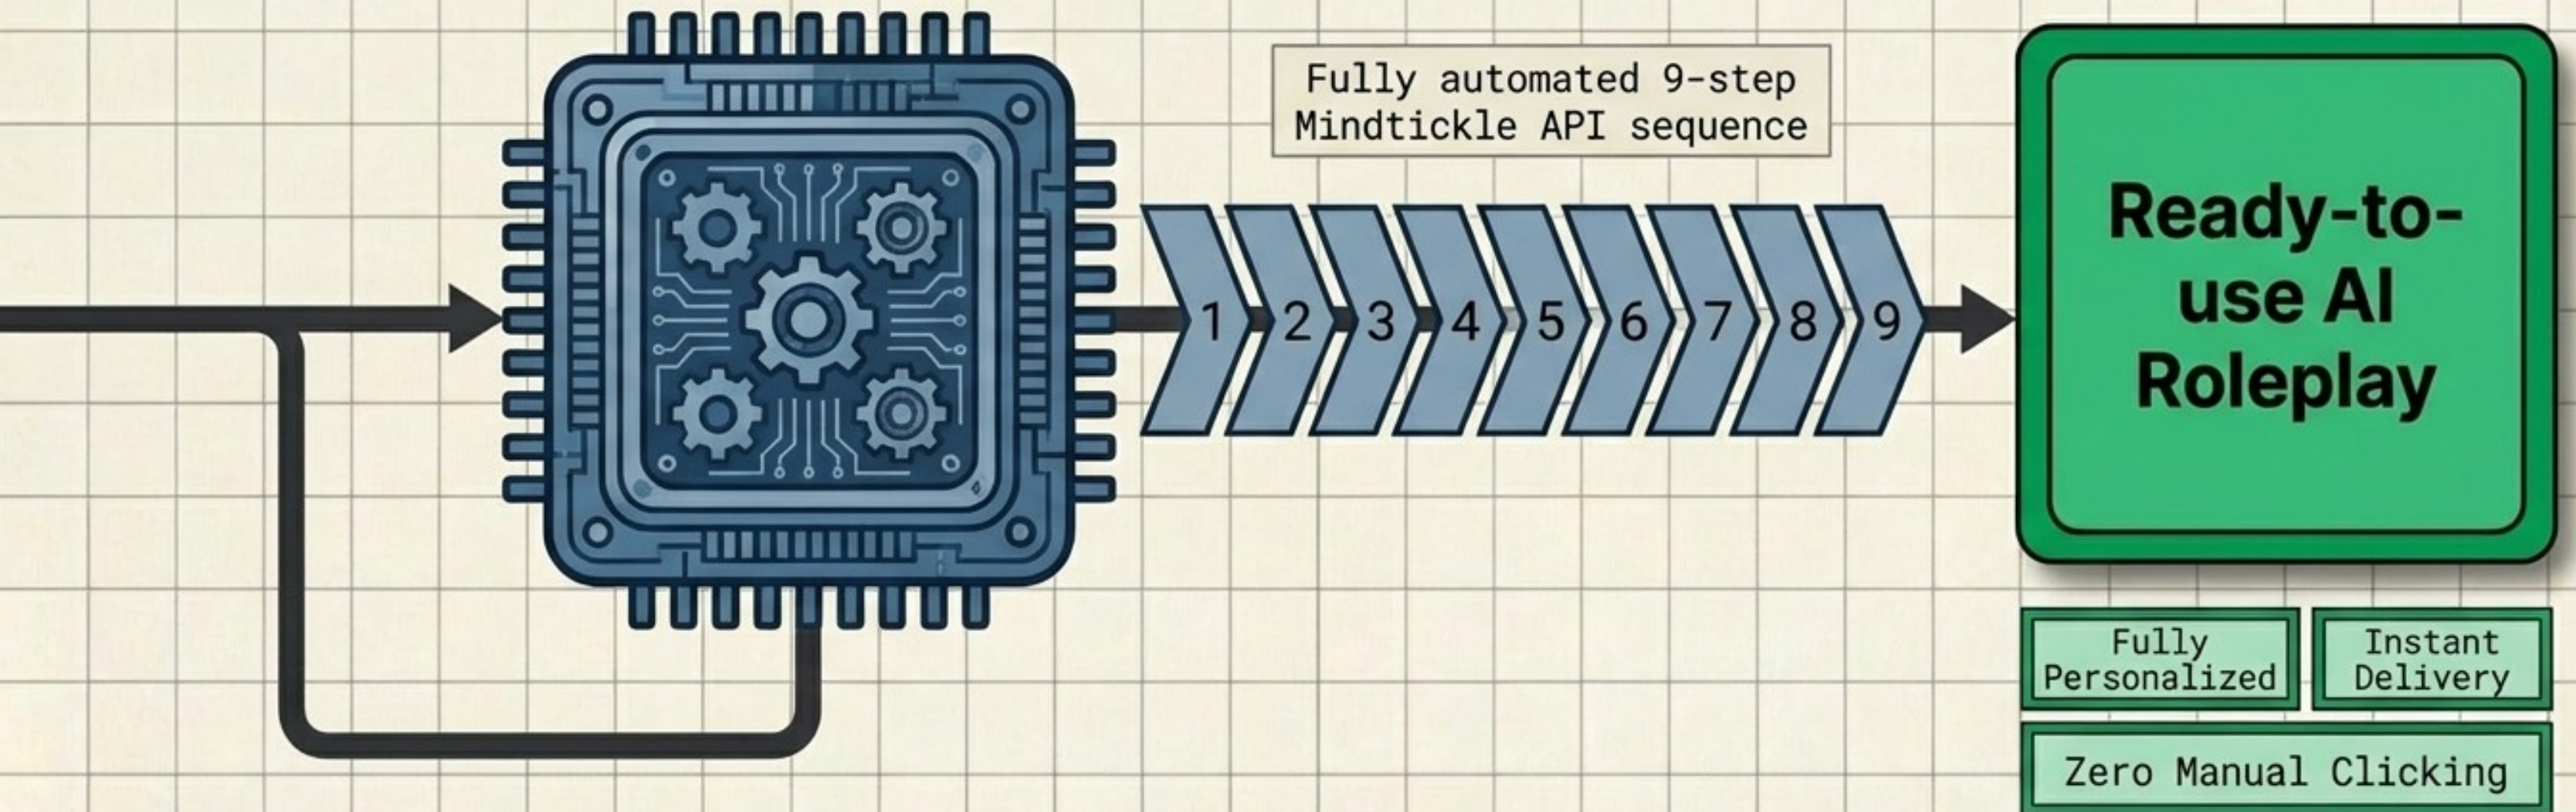

Pipeline Stage II: Strategic Targeting

Pipeline Stage III: The Orchestrator & Deployment

Custom Go State-Machine

Differentiation: We Don't Generate Content. We Generate Sales Situations.

Generic AI

Generic roleplays

No context awareness

Blind text generation

Mineo Engine

ICP-driven

Competitor-aware

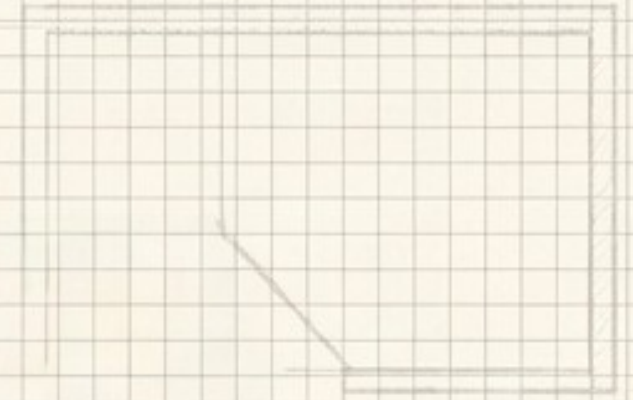

Conversation-informed

**Standard AI requires you to be the prompt engineer.
Mineo acts as your autonomous Solution Consultant.**

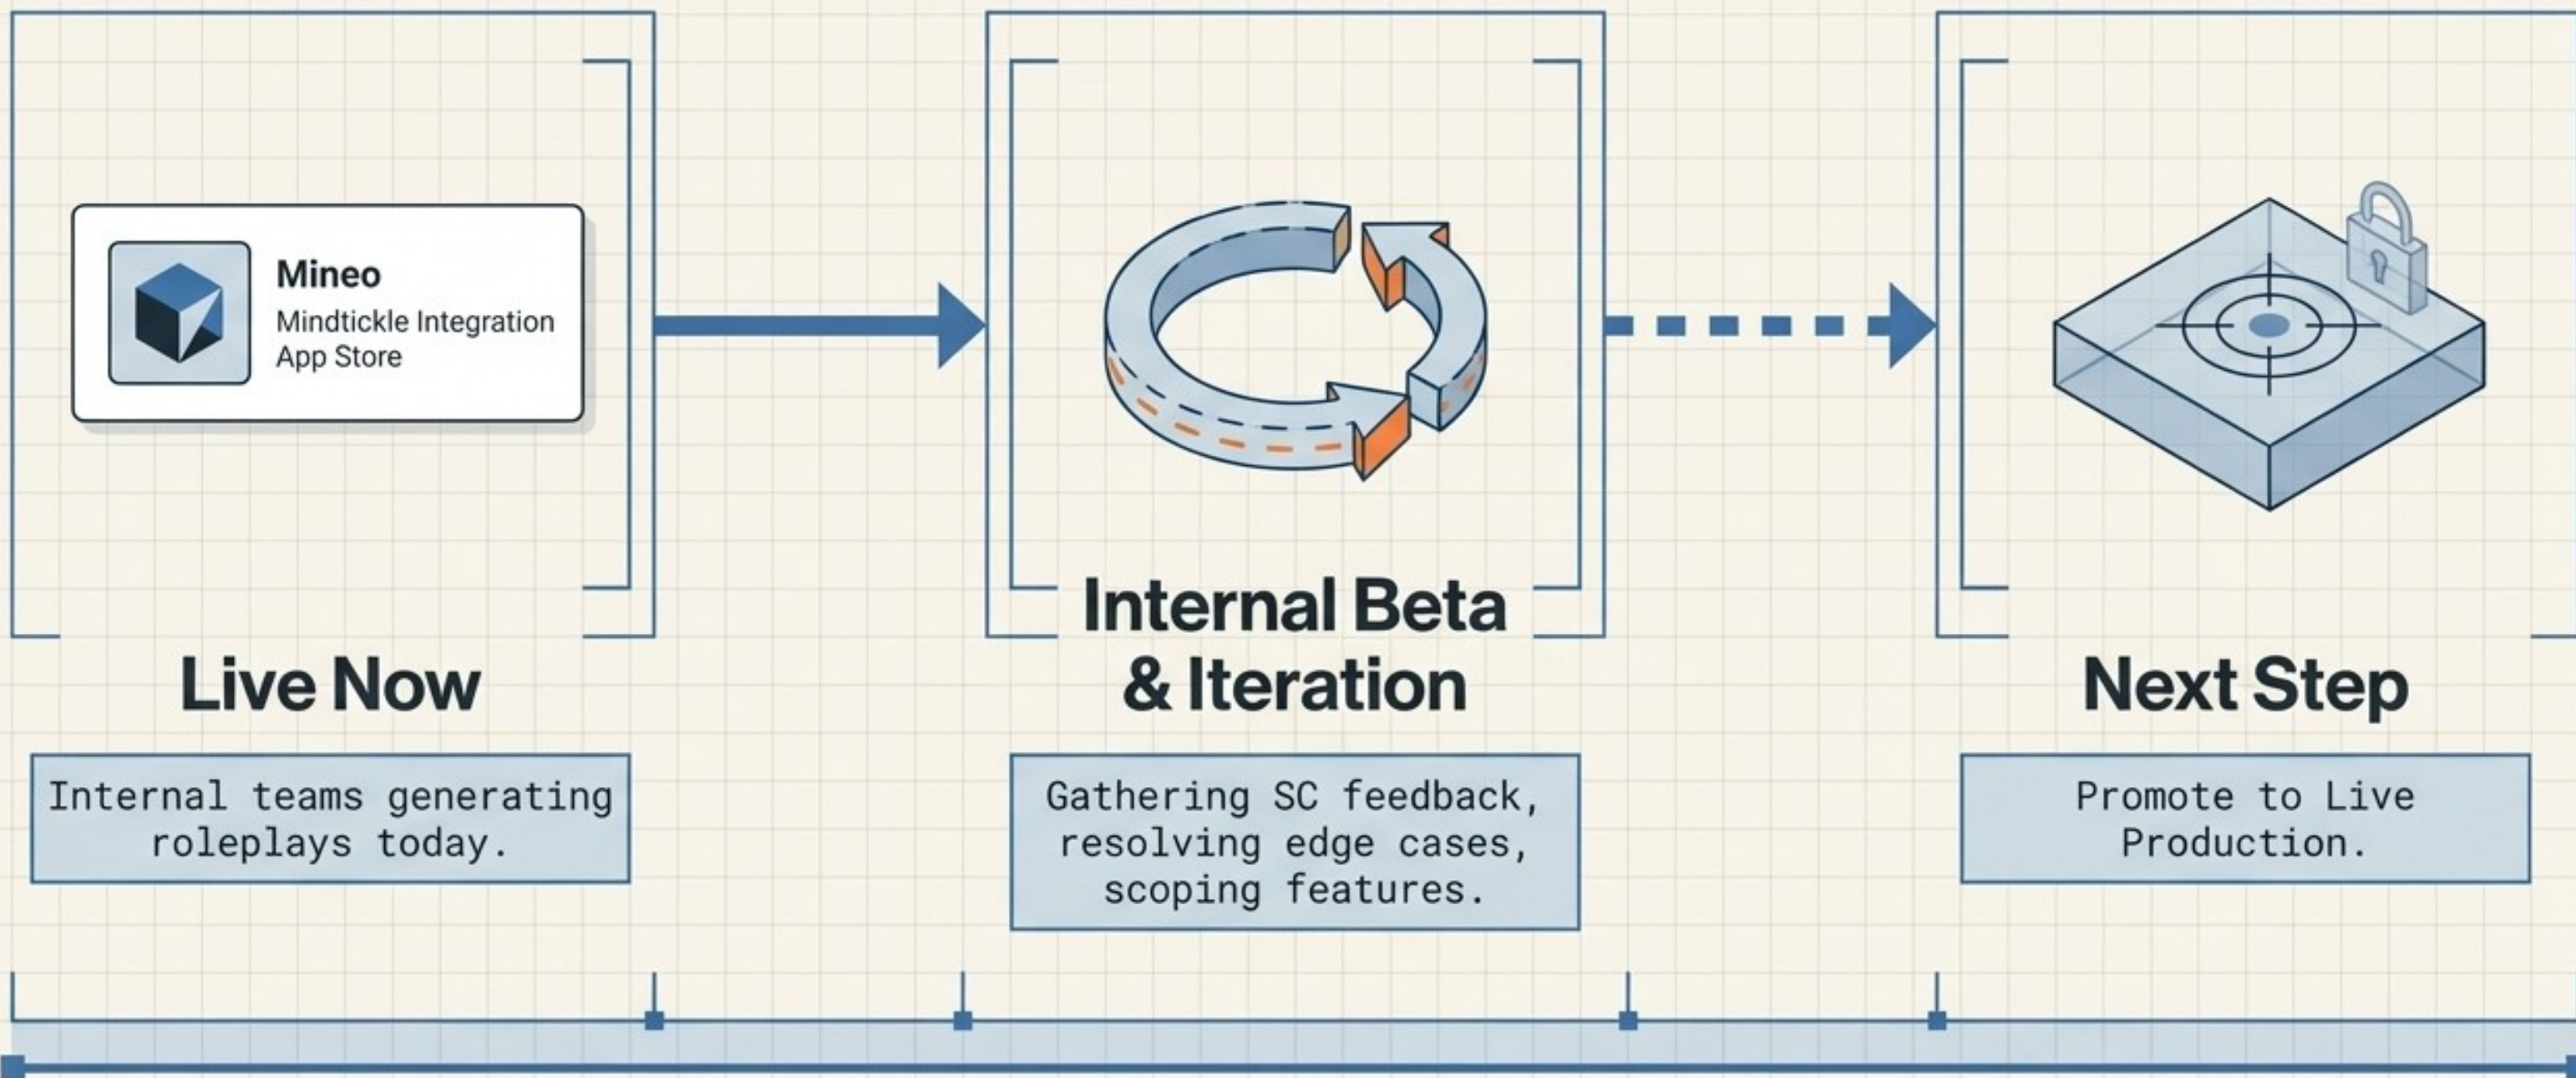

The New Default: Systemic Transformation

	The Old Way	Mineo
Time	✗ Hours of manual prep	✓ Minutes to deploy
Effort	✗ Manual research & scraping	✓ 100% Automated workflow
Personalization	✗ Reserved for top-tier clients only	✓ Applied to all clients instantly
Coverage	✗ Limited pipeline reach	✓ 100% pipeline coverage
Expertise Required	✗ High (trained SCs needed)	✓ Minimal (SC just provides inputs)
Consistency	✗ Highly variable quality	✓ Standardized, enterprise-level output

Key Business Impact

Deployed, Validating, Scaling

Personalization is no longer a luxury. It is the default.

Every prospect now gets an enterprise-level experience.
We are unlocking revenue that was previously unreachable.
